ETHS
FOUNDATION

ABOUT US

Since 2008, The ETHS Foundation has existed to ensure every student has the resources to learn, grow and thrive while at ETHS and in their next step.

Founded to strengthen what public school funding cannot always provide, the Foundation has invested more than 28 million dollars in campus spaces, programs, and facilities that expand opportunities and help students thrive.

Your sponsorship for our annual fundraising party, WILD for ETHS, will extend this legacy. Your involvement engages the Evanston community, ETHS faculty, parents and guardians and alumni and your support expands access to essential tools that prepare students to succeed in the classroom and far beyond.

An investment in the Foundation is an investment in students, their well being and their future.

ETHS
FOUNDATION
